

# CURIOSA

## GLASS COLOURS

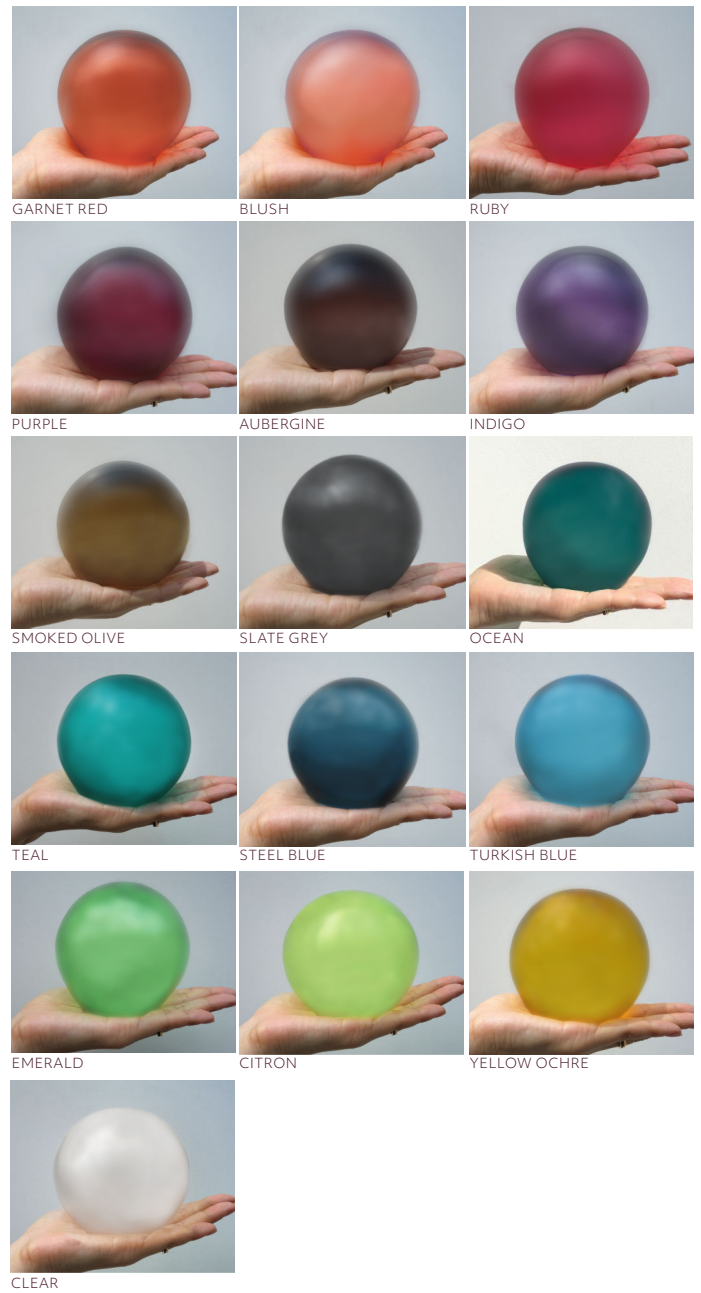

Glass samples can be ordered from our contact page on the website. These colours are only a guide. When glass is free hand-blown the colour will naturally vary depending on the shape and thickness of the piece.

Any small imperfections within the glass such as bubbles, swirls, slight variations in shape, colour and size are part of the hand-blown process.

### TRANSPARENT

### DIFFUSE

### SEMI-OPAQUE

*Diffuse colours are created by sand-blasting the transparent glass to create a diffused effect. These colours are only a guide, exact finish may vary.*

#### **GUIDANCE AND ADVICE**

Our team is on hand to offer guidance and advice from concept to installation. We offer a made to measure service so why not discuss your project with us and make an appointment at our Derbyshire Showroom?

# OPTIONS

## FLEX

The fabric twisted flex is stocked in ten colours.  
Round flex and additional colours are also available.  
All pendants are supplied with 1m of adjustable flex but can be specified to any length.

*NB. American and bathroom lights are supplied with round flex (non-twisted).*

## FITTINGS

Our ceiling roses and light fittings are available in a choice of 5 finishes.

Brushed Nickel

Chrome

Brushed Brass

Aged Brass

Dark Bronze

*A powder coat finish in White or a bespoke colour is also available for ceiling plates with an additional supplementary cost.*

## LED BULBS

We stock Tala and Well-Lit dimmable LED bulbs

## BATHROOM LIGHTING

Wall Lights, and many of our single Pendants, Chandeliers and Sculptural Stacks, can now be made to IP Rating for bathrooms, meaning they can be used in wet areas, near sinks and showers (Zones 1 & 2) and are fully compliant with BSEN 60598-1(2015).

*Note: Our bathroom lights are not certified for North America.*

Each light piece is made to measure using round, fabric covered flex (non twisted) or metal rods and feature an enclosed LED G9 bulb.
